Karachi, Sindh, Pakistan

hafizsohaib478@gmail.com — +92 312 2960248 — LinkedIn: Muhammad Sohaib

PROFESSIONAL SUMMARY

Data Analyst with 4+ years of experience driving business outcomes through advanced analytics, machine learning, and automation. Proven track record of increasing operational efficiency by 25%, reducing churn by 30%, and delivering actionable insights through Power BI, Python, and SQL. Expertise in ETL processes, predictive modeling, and building scalable data solutions for product and business intelligence teams.

TECHNICAL SKILLS

Programming & Analytics: Python (Pandas, NumPy, Scikit-learn), SQL (PostgreSQL, MySQL), R, SPSS

Data Visualization: Power BI, Tableau, Google Data Studio, Advanced Excel

Machine Learning: Predictive Modeling, Classification, Regression, Clustering, Feature Engineering

Tools & Technologies: Git, API Integration, ETL Processes, Statistical Analysis, A/B Testing

Business Intelligence: Dashboard Development, KPI Tracking, Reporting Automation

PROFESSIONAL EXPERIENCE

Data Analyst

Sep 2025 - Present

Halan Microfinance Bank

Karachi, Pakistan

- Architected automated ETL pipelines using SQL and Python, reducing data processing time by 40%
- Developed executive-level Power BI dashboards tracking 15+ KPIs, enabling real-time business decisions
- Collaborated with cross-functional teams to translate business requirements into scalable analytics solutions
- Implemented data quality frameworks ensuring 99%+ accuracy across all reporting platforms

Associate General Manager - Data Management

Apr 2024 - Aug 2025

Oula by Kantar

Karachi, Pakistan

- Led data processing operations for large-scale market research projects using Python, SPSS, and advanced statistical methods
- Designed interactive Power BI dashboards that transformed complex datasets into strategic insights for C-level stakeholders
- Established quality assurance protocols achieving 100% data accuracy across 50+ research deliverables
- Pioneered adoption of modern BI tools, driving team productivity improvements of 35%

Data Analyst

Apr 2023 - Mar 2024

Careem (On-Contract/Remote)

Karachi, Pakistan

- Analyzed user behavior data from 1M+ users using SQL and Python to optimize product catalog and UX
- Built automated reporting systems reducing manual effort by 60% while improving data refresh frequency
- Partnered with product teams to implement A/B testing frameworks, increasing conversion rates by 18%
- Validated and cleaned multi-source datasets, ensuring high-integrity data for strategic decision-making

Data Analyst

Jan 2022 - Mar 2023

Hundred Alpha Pvt Ltd

Karachi, Pakistan

- Engineered predictive models that reduced customer churn by 30% and improved retention strategies
- Optimized operational workflows through Python and SQL automation, boosting efficiency by 25%
- Created dynamic dashboards in Power BI and Google Data Studio, accelerating project delivery by 20%
- Performed statistical analysis to identify revenue optimization opportunities worth \$500K+ annually

EDUCATION

Bachelor of Science in Data Science

Jan 2020 - Dec 2024

Ziauddin University, Karachi, Pakistan

Focus: Machine Learning, Big Data, Business Intelligence, Predictive Modeling
